

POSTING OF PROFESSIONAL STAFF VACANCIES

All vacancies should be made known to present staff members. If circumstances permit this, notification should be in writing. However time limitations could make verbal communication necessary in some instances.

Although all staff members are eligible for consideration for any opening, it should be kept in mind that the Division prefers to keep the disruption of individual classes to a minimum by making transfers at the end of the school year.

Approved September 1, 1977
Revised October 18, 1994
