

Special Language Credit Option

Beautiful Plains School Division recognizes that students can obtain credits for graduation through the Special Language Credit Option. The Policy and Administrative handbook available from Manitoba Education will serve as the guideline for this credit option.

The Division will only refund the examiner's fee for each credit once successfully obtained through this option. No more than four credits for graduation can be obtained with this option. Re-examinations will only be allowed with Superintendent approval.

Approved: August 9, 2011

Amended: June 20, 2017
