## INFORMATION AND COMMUNICATION TECHNOLOGIES - ACCEPTABLE USE

The Beautiful Plains School Division provides employee access to Division owned networks, devices (equipment) and email. These information and communication technologies enhance student learning and are an effective means for communication. Please check your divisional email on a regular basis.

Employees are advised that Division owned devices and networks (storage and usage history) are property of the school division. Therefore information on these networks and devices should not be considered private. The Division has the right to monitor, inspect and confiscate any division owned devices or network information at any time.

Employees are obligated to report inappropriate use of division owned devices and network or internet use to their supervisor or division administration.

Employees of the Division may find themselves in a position to utilize division owned technology, devices and networks offsite and/or after school hours at home. It is the expectation of the Division that these devices and networks be used in a manner that adheres to the guidelines and prohibitions outlined in this form. As well it is the expectation of the Division that the devices and networks be cared for and utilized in a manner which adheres to all applicable laws and that its usage reflects a high degree of professionalism.

Please read these acceptable use guidelines for staff and return the application form (on reverse) to the school division office. A copy of the form will be returned to you once your account is assigned and set up. The account gives email access at your employment site or at any computer with an internet connection. The guidelines below apply to division owned devices, division networks, internet and email use. Additional details can be obtained from the Division Office.
