

## **CONDITIONS OF STUDENT LOCKER ASSIGNMENT**

All lockers are the property of Beautiful Plains School Division and are made available for student use, subject to the following conditions:

- a) Students are to comply with restrictions established by the school with respect to purchase or renting of locks, and are to provide to the school office a lock combination or key upon request; and
- b) The school and the division reserves the right to inspect or search a locker at any time. A search would normally be carried out by at least two school personnel authorized by the principal and normally in the presence of the student to whom the locker is assigned.

If articles are found which have been stole or are illegal, contrary to school policy, or injurious to the welfare of students or the school, the principal is authorized to take possession of the articles and to determine an appropriate course of action, which may include contacting the R.C.M.P.

This policy will also apply to other school property which is used for personal storage such as desks or cubicles.

Approved October 20, 1998
